COMPILER'S PREFACE.

THE Libraries of the Legislature and the Nova Scotia Historical Society having been amalgamated by an Act passed in 1880, the books of both collections are included in the present catalogue.

This volume does not comprise the pamphlets, which have been catalogued by a different hand and on a wholly different system from the books. It would of course have been desirable to have combined pamphlets and books in the same catalogue, but this would have been impracticable without previously recataloguing the pamphlets upon the card system and then uniting the book and pamphlet cards in one alphabetical arrangement. To have done this would have nearly doubled the labor and would have delayed the volume to an extent that might have seemed disrespectful to those members of the Legislature who had asked for its publication. Stray references, however, to the unprinted Pamphlet Catalogue have been introduced whenever the compiler happened to remember that useful information on any subject was to be found among the pamphlets ; while a few pamphlets have been bound, singly or in sets, and regularly catalogued in this volume.

Except when they are different editions of the same work, duplicates are not entered in this catalogue. A rough list has, however, been made of the duplicates, and a descriptive list of the manuscripts belonging to the Library.

To save space, the Christian names of authors are usually given in full in the author-entries only ; while the titles are more fully transcribed in the title-entries than elsewhere.

This catalogue has been based on the card-catalogue, revised by the Librarian with the efficient aid of his present assistant, Mr. H. Piers. The arrangement of the books in the subject-groups, in the alphabetical order of the first words of their titles, has (except in the case of BIOGRAPHY) been retained, as it would have taken too much time to have altered it throughout. All the explanatory notes and cross-references have been added. Efforts have always been made—not invariably with success—to find the real names of pseudonymous and anonymous authors, the full names of authors whose initials only appear on title-pages, and the years of publication of undated volumes. Where only approximate certainty has been attained in these inquiries, the name or date has sometimes been inserted with a query (?) following it.

Much care has been given to correcting and supplementing the subject-groups. For whatever omissions still exist among them the compiler would feel

more responsible had all the books been originally catalogued by him, or had a grant for a printed catalogue been made a few years ago as suggested by him in his Annual Report, or had he been at liberty to postpone the publication until a more thorough arrangement of the Library according to subjects had been effected. As it was, the catalogue was prepared for the press at a time when the pre-existing subject-arrangement of the shelves was somewhat broken up by the compulsory shifting of the books from the ante-room adjoining the Library and when, consequently, the subject-groups in the catalogue could not be corrected by the subject-groups in the shelves so effectively as before.

Some omissions and mistakes, which were discovered too late to be corrected in their places, will be found rectified in the "*Errata*" at the end of the volume. There is no doubt that many more remain uncorrected. These errors might have been fewer had the compiler had more time or assistance and been wholly uninterrupted in the work of revision. But, with all its flaws, it is the hope of the compiler that this catalogue may prove helpful to members of the Legislature as well as to students and investigators. He feels that his labor will not have been in vain if his pioneer work should have cleared the ground for a thoroughly creditable modern catalogue of an adequately equipped Provincial Library.

OF THE

LIBRARY.

BY-LAWS

FOR THE

REGULATION OF THE JOINT LIBRARIES

OF THE

Legislature and the Nova Scotia Historical Society.

(Adopted by the Board of Library Commissioners, November 28, 1883).
(Approved by the Governor-in-Council, January 11, 1884).

1. A proper catalogue of the books belonging to the Library shall be kept by the Librarian, in whom the custody and responsibility thereof shall be vested, and who shall be required to report to the House of Assembly through the Provincial Secretary at each session of the Legislature the actual state of the Library.

2. The Library shall be kept open every day in the year, Sundays and legal holidays excepted, from 10 a. m. to 5 p. m., but during the sitting of the Legislature it shall be open from 9 a. m. to 9 p. m. From May to October, inclusive, it shall close on Saturday at 1 p. m.

3. The Librarian shall be constant in his attendance upon the Library during the hours above specified, and shall perform such other duties as may be imposed by law, or by the rules and regulations which may be prescribed by the Commissioners.

4. An executive committee shall be appointed by the Commissioners, consisting of three of their number, who shall be invested with power to execute the decisions of the Commissioners, and to whom reference shall be made by the Librarian in all cases of doubt or difficulty.

5. The Commissioners of the Library may from time to time sell or exchange duplicate or imperfect books belonging to the Library, not necessary for the use thereof.

6. It shall be the duty of the Librarian carefully to preserve the books, maps, charts, engravings, manuscripts, medals, furniture and other property belonging to the Library.

7. The following persons shall be entitled to visit the Library and consult the books, maps, charts, &c., under the rules hereinafter laid down, viz. : the Lieutenant-Governor, the members of the Executive Council, the members of the Legislative Council and the House of Assembly, members of the Senate and of the House of Commons of Canada, the Chief Justice and Judges of the Supreme Court, the Judges of the County Court, the officers of both branches of the Legislature, the Superintendent of Education, the Provincial Engineer, the Inspector of Mines, the Deputies and Clerks of the several departments of the Provincial Government, the Sheriff, the Judge and Registrar of Probate, the Prothonotary and Registrar of Deeds for the County of Halifax, the Stipendiary Magistrate and Recorder of the City, the Commander of the

Forces, the Admiral on the Station, the Chief Officer of the Militia, the Mayor of Halifax, Clergymen and Professors of Colleges, Editors of Newspapers, Foreign Consuls, members in full standing of the Nova Scotia Historical Society, and such persons as may be introduced by a Commissioner of the Library, who shall be held responsible for the person so introduced, in case of any book or other property being injured or lost. Such introduction shall continue in force only for two weeks. For any longer period, an introduction must be obtained from the Board of Commissioners, but no one, except those hereinafter specified, shall be permitted to take any book, chart, map, &c., out of the Library rooms.

8. No book is to be taken from the shelves except by request or permission of the Librarian, to whom visitors wishing to consult books will make application. The book thus received must be returned to the Librarian's desk, and not put upon the shelf by the person who has been reading it. The Librarian will exercise a proper discrimination as to the delivery of such books as he may judge liable to be injured. Manuscripts, rare and valuable books, will be shown only on special application to the Librarian in charge, and under such regulations as the circumstances of the case may in his judgment require.

9. Any member of the Council or Assembly, during the session of the Legislature, is permitted, under the restrictions, forfeitures and penalties hereinafter mentioned, to take to his boarding house or private room any book belonging to the Library, except such as are herein determined to be necessary always to be kept in the Library as books of reference.

10. The Lieutenant-Governor, members of the Executive Council, the Legislative Council, the House of Assembly, the Senate and House of Commons of Canada, the Chief Justice and Judges of the Supreme Court, members of the Nova Scotia Historical Society, Commissioners of the Library, and such others as may be authorized by vote of the Commissioners, while the Legislature is not in session, shall have the same right to take books from the Library, and under the same regulations, as the members of the Legislature during its session. No book, map, or manuscript, or other article belonging to the Library, shall be at any time taken out of the Library by any other person, for any purpose whatever. The restrictions and terms above referred to are contained in the next five rules.

11. No book can be taken from the Library, until its title, and the name of the person taking it, have been registered by the Librarian. A card or receipt must also be given for it.

12. No person shall take or receive from the Library more than two volumes at any one time, or for a longer period than two weeks at one time, unless by special leave obtained from the Commissioners. After receiving notice that a book is overdue, and pending its return, the borrower shall be suspended from all his privileges in the Library.

13. A book shall be kept by the Librarian with different columns. In No. 1 shall be inserted the name of the book: in No. 2 the initials of the receiver, written by himself, and the date of receipt; in another, the date of return, to be certified by the initials of the party and the Librarian.

14. Books injured or destroyed by the person taking them must be paid for at the full price for which they can be procured at the book-stores.

15. No volume of statutes, nor any legal or constitutional treatise nor law report, shall be taken from the Library, unless the person receiving the same shall give a written undertaking to return it by 11 a. m. of the following day. Pending the return of any such book, the borrower shall not be allowed to take any other book from the Library.

16. Books of reference, such as dictionaries, encyclopedias, registers, journals of the House of Commons of England and House of Lords, directories, newspapers, maps and engravings, and books which are valuable from their rarity or antiquity, cannot be taken from the Library, except that during the session of the Legislature any member thereof may take to any room in the Provincial Building any such book on leaving a card for the same with the Librarian, but such book must be returned on the same day on which it was taken.

17. Four days before the day fixed for the adjournment of any session of the Legislature, the Librarian shall address a note to each member of the Legislature having any books belonging to the Library, requesting the return thereof. Should such request not be complied with within forty-eight hours, the Librarian shall give the Speaker and the President of the Legislative Council a list of the members so notified, and of the books detained by them, for such action as the respective Houses may order.

18. No expenditure of the funds of the Library, from whatever source such funds may arise, whether grant of the Legislature, or revenue of the N. S. Historical Society, or donation, or any other source, shall be made, except by authority of the Executive Committee.

19. Regular meetings of the Commissioners shall be held quarterly, on the first Wednesday of February, May, August and November, and special meetings on the requisition of three Commissioners.

20. Every new accession of books to the Library must be stamped and entered in the Day Book immediately on arrival, and fully catalogued without unnecessary delay ; and every pamphlet, map, manuscript, picture, or accession other than a book, shall be entered on a list immediately upon its being received in the Library.

21. Smoking, loud talking, and other conduct liable to distract the attention of readers, are forbidden ; and persons infringing this rule, after a caution, shall be denied access to the Library.
